INTERESTS

(Morpho)syntactic theory, syntactic micro- and macro-variation, computational modeling of linguistic competence and variation.

EMPLOYMENT

2024– **Research associate (Wissenschaftlicher Mitarbeiter)**, CRC 1629 “Negation in Language and Beyond” (NegLaB), Goethe University Frankfurt

EDUCATION

2021–2024 **Doctoral researcher**, Goethe University Frankfurt, Research Training Group “Nominal Modification”
Dissertation: Locative nouns and the morphosyntax of bareness. PhD thesis defended on 17 December 2025.

2018–2020 **MA Linguistics**, University of Padua, 110/110 *cum laude*
Thesis: Spelling Out a covert D: ‘slim’ DPs and article-drop in Fodom locative PPs. Supervisors: C. Poletto, L. Vanelli.

2015–2018 **BA Classics**, Sapienza University of Rome, 110/110 *cum laude*

PUBLICATIONS

2026 Mattiuzzi & Poletto. Emphatic negation as focus: A case study in Italian. *Catalan Journal of Linguistics* 25(3), 199–234. 10.5565/rev/catjl.610

2026 Mattiuzzi & Poletto. There is no first phase of the Jespersen Cycle. *Transactions of the Philological Society*. 10.1111/1467-968x.70033

2025 Pinzin & Mattiuzzi. Word-order information in the lexicon. *Glossa* 10(1), 18521. 10.16995/glossa.18521

2024 Mattiuzzi, Presotto & Koehlich. Influential inflection: Testing the role of overt morphology in the distribution of Italian colour adjectives. *Proceedings of ConSOLE XXXI*, 109–132.

2022 Mattiuzzi. This might be the PLACE: Spelling out a covert D in Fodom spatial PPs. *Isogloss* 8(2), 1–20. 10.5565/rev/isogloss.125

TO APPEAR

2026 Mattiuzzi, Presotto & Poletto. Two arguments for a movement analysis of negative doubling. *Proceedings of PLC 50* (PWPL 33.1). ling.auf.net/lingbuzz/010212

MANUSCRIPTS

2026 Mattiuzzi. Catalan numbers and the theoretical limits of morphosyntactic variation. ling.auf.net/lingbuzz/010200

2026 Presotto & Mattiuzzi. Øut of order: The empty set and intervention in featural Relativised Minimality. ling.auf.net/lingbuzz/010163

TALKS

2026	Mattiuzzi & Poletto. On the polymorphous nature of emphatic negation: A focus-based approach. Pragmasophia 5, Messina.
2026	Mattiuzzi, Presotto & Poletto. From Big DP to Big NegP: Explaining the anti-non-strict gap. PLC 50, Philadelphia.
2026	Mattiuzzi, Presotto & Poletto. Divide et impera: Negative concord as quantifier splitting. IGG 51, Udine. Poster.
2025	Mattiuzzi & Poletto. Emphatic negation as focus. Going Romance 2025, Venice.
2025	Mattiuzzi, Poletto, Sailer & Lamoure. Emphatic negation and discourse disalignment. CSSP 2025, Paris.
2025	Pinzin & Mattiuzzi. Word-order information in the lexicon. NanoDays II, Brussels.
2023	Mattiuzzi. Bare doesn't mean weak: Ladin article-drop with 'locative' nouns. 38. Romanistentag, Leipzig.
2023	Mattiuzzi. The morphosyntactic sources of bareness: Bare 'locative' nouns in Ladin. LSRL 53, Paris.
2023	Mattiuzzi. Hidden deixis and the grammar of bare nouns: A view from Italian PPs. CGG 32, Vitoria-Gasteiz. Poster.
2023	Mattiuzzi, Koehlich & Presotto. Influential inflection: Testing the role of overt morphology in the distribution of Italian colour adjectives. ConSOLE 31, Bielefeld. Poster.
2022	Mattiuzzi. Ladin article-drop in spatial PPs: 'Locative' nouns and the variety of 'slim DPs'. WoSSP 2022, Barcelona (remote).
2022	Mattiuzzi. 'Locative' common nouns as 'slim DPs': Ladin article-drop in spatial PPs. CIDSM 16, Naples.
2020	Mattiuzzi. Special nouns or prepositional intruders? Article-drop in locative PPs in Fodom. Going Romance 34, Paris (remote).

REVIEWING

Morphology (Springer); *Quaderni di Linguistica e Studi Orientali* (University of Florence); *Lingue Antiche e Moderne* (University of Udine).

SKILLS

Fieldwork	Italo-Romance and Rhaeto-Romance varieties
Computing	LaTeX and R for data wrangling, statistical analysis and visualization; Python for data science and for building and annotating text databases
AI tools	Set-up of LLM-based agentic workflows for coding and research assistance; running open-weight models locally (e.g., via Ollama); working understanding of the core components of LLMs and of agentic harnesses
Training	Machine Learning Specialization, DeepLearning.AI & Stanford University (online)

HONOURS

2015	First prize, 4th *Praemium Aristophaneum*, a national high-school competition in translating Aristophanes from Ancient Greek

LANGUAGES

Italian	Native
English	Fluent (C1, CAE)
German	Advanced (B2/C1)
Ladin	Fieldwork
Classical	Ancient Greek and Latin, working knowledge
